C&K Fees Fact Sheet

Kindergarten with Extended Hours (Optional)

Children who attend a C&K Kindergarten with Extended Hours (Optional) are enrolled in a kindergarten program, which operates during school terms. Families also have the option to enrol their child in an optional extended hours program and/or holiday program.

Program Details

Kindergarten Program: From opening to mid afternoon (varies by centre).
Extended Hours Program: From mid afternoon to 6pm or later (varies by centre).
Holiday Program: From opening to 6pm or later (varies by centre).

During the Kindy Term

The **Free Kindy subsidy** covers the 15 hours per week (averaged over the fortnight) the kindergarten program is delivered and is in addition to any **Child Care Subsidy (CCS)** entitlement families receive.

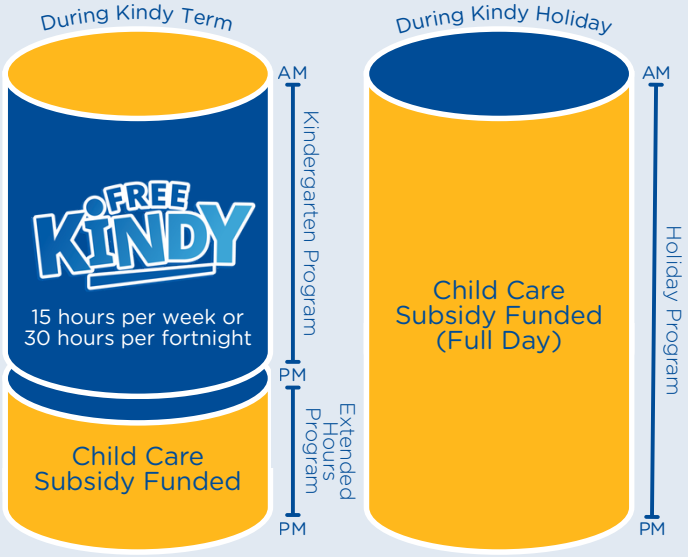

Kindergarten program fees are calculated by applying any CCS entitlements first, with the Free Kindy subsidy covering outstanding fees for the kindergarten program hours only.

Most families eligible for the Free Kindy subsidy will have no out-of-pocket fees for the kindergarten program hours.

The Free Kindy subsidy does not apply to the optional extended hours program; therefore, out-of-pocket fees apply. Eligible families can continue to claim the CCS for the extended hours program.

Holiday Program

The Free Kindy subsidy does not apply during the optional holiday program. Therefore, out-of-pocket fees apply. Eligible families can continue to claim the CCS for the holiday program.

Daily Fee

The fee (before subsidies) for each program varies by centre. Please visit your centre web page on the C&K website to see the fees.

You can contact C&K via email kindy@candk.asn.au to request an estimate on your out-of-pocket fees before enrolling.
